Mineral Oil for *in vitro* Embryo Production: What We Should Know?

Role of Honey Bee Gut Microbiota in the Control of American Foulbrood and European Foulbrood Diseases

Prognostic Value of Intracellular Transcription of Factors HIF-1 α and p53 and Their Relation to Estradiol and TNM Parameters of Breast Cancer Tissues in Women with Invasive Ductal Carcinoma in Thi-Qar Province, Iraq

Correlation between Serum Vitamin D and Calcium Levels in Missed Miscarriage

Evaluation of the Biological Activity of Laboratory-Prepared Chitosan from Shrimp Shells against Pathogenic Bacterial Isolates

Effect of Adding Different Levels of Maca Root (*Lepidium Meyenii*) to the Diet on the Productive Performance of Broilers Exposed to Oxidative Stress

Effect of Supplementation of Different Levels of *Urtica dioica* Seeds to the Diet on the Immune Response and Microbial Composition of the Gastrointestinal Tract of Broiler Chickens

Isolation and Identification of *Candida tropicalis* as a Cause of Cutaneous Candidiasis in Kalar District, Iraq

Characterization and Comparison of Mesenchymal Stem Cell-Derived Exosome Isolation Methods using Culture Supernatant

Cytotoxic Effect of the Crude Alcoholic Extract of the Fruits of *Citrullus Colocynthis* on Human Hepatocyte Carcinoma (Hep-G2)

Prevalence of Extended Spectrum Beta-Lactamase Phenotype and *bla*_{CTX-M-I}, *bla*_{SHV}, and *bla*_{TEM} Genes among Uro-Pathogenic *Escherichia coli* Isolates, in Egypt

Evaluation of Stress and Cognition Indicators in a Puzzle Game: Neuropsychological, Biochemical and Electrophysiological Approaches

Antimicrobial Effect of *Moringa Oleifera* L. and Red Pomegranate against Clinically Isolated *Porphyromonas gingivalis*: *in vitro* Study

Investigation of Biofilm Virulence Genes Prevalence in *Klebsiella pneumoniae* Isolated from the Urinary Tract Infections

Gastroprotective Effect of *Capparis spinosa* on Indomethacin-induced Gastric Ulcer in Rats

Investigation of TNF α Level and *Metallothionein* Gene Expression in Livers of Rats Exposed to Dietary Aluminum

Aerobic Bacterial Vaginosis and *Lactobacillus* Species Associated with Cytomegalovirus in Abortion

Detection of *Salmonella* spp. by Traditional and PCR Assays in Raw Milk, Maysan, Iraq

Polycystic Ovary Syndrome Develops the Complications of Assisted Reproductive Technologies

Evaluation of the Pharmaceutical and Microbial Safety, as well as the Reliability, of Some Natural Pharmaceutical Products Available in Iraq

Detection and Characterization of *Nosema bombycis* Using TEM and SEM Techniques

Relationship between Menopause and Complications of Hyperthyroidism in Female Patients in Iraq

Expression of *Interleukin-33* Gene in Hemodialysis Patients with Chronic Toxoplasmosis in Baghdad, Iraq

Relation between Serological Findings and Expression of IL-1 β and IL-6 genes in Patients Infected with *Mycobacterium Tuberculosis* in Iraq

Study of the Effects of *Cordia myxa* Fruit Extract on Induced Animal Model of Depression in Male Rats
